helptech.com.pl

4 steps to a **professional opinion**

HelpTech works like a vending machine for expertise – you describe your problem, we take care of the rest. Everything online, without leaving home.

1**Describe your problem**

Fill in a short online form. Attach photos, drawings, documentation. The system automatically selects the right category.

2**Get a quote**

You immediately receive a clear quote – no negotiations, no surprises. You know the price and delivery date before you pay.

3**Pay online**

Payment by card or bank transfer. You receive an invoice automatically. Instalments available for larger orders.

4**Receive your document**

A certified expert prepares the opinion. You receive a PDF with a qualified electronic signature – ready for court, authorities or your bank.

Why is it **worth it?**

**Fast**

Typically 1–10 business days. Express mode: as fast as 6 hours.

**Legally binding**

Qualified PAdES signature = full legal validity of the document.

**Certified experts**

Engineers with professional licences and chamber membership.

**Clear prices**

You know the cost before you order. No hidden fees.

How much does it **cost**?

Indicative pricing

Quick consultation (opinion up to 2 pages)	from PLN 500
Standard expert report (5–10 pages)	from PLN 1,500
Complex report + PAdES	from PLN 5,000
Express mode (6–12 h)	×1.5 – ×2.0 of the price
Legal support (attorney)	from PLN 300/h

Net prices. An exact quote is provided after you fill in the form. The final price depends on the complexity of the case.

When do you need **HelpTech**?

Handover of your home

An independent technical assessment before acceptance from the developer or contractor.

Defects and faults

Documentation of warranty defects with an expert opinion.

Court disputes

An expert report as evidence in court or administrative proceedings.

Permits and decisions

A technical opinion required by an authority to issue a decision.

Frequently asked questions

Is the document legally valid?

Yes. Every report is signed with a qualified electronic signature (PAdES) by an engineer holding professional licences and current chamber membership. The document is accepted by courts, authorities and banks.

How quickly will I receive the opinion?

Quick consultation: 1–3 business days. Standard report: 5–10 days. Express mode: from 6 hours. The deadline is guaranteed by contract.

What if I am not satisfied?

We offer a complaints procedure. If the report does not answer the questions asked or contains errors, we will prepare a correction free of charge or refund your money.

What documents do I need to provide?

It depends on the case. The form will guide you step by step. Usually photos, a description of the problem and any design documentation (if you have it) are enough.

Facing a construction problem? We can help.

Fill in the form on our website and receive a quote within minutes.

No obligations, no hidden costs.
